# Welcome to Toronto eSchool

## Principal's Message:

Greetings from Toronto eSchool, Canada's preeminent on-line Secondary School, servicing the educational needs of both the domestic and international markets.

Our proven track record of successfully navigating students through the demands of the Ontario curriculum speaks volumes for who we are as an organization. Utilizing the very latest technologies, coupled with a highly trained and committed teaching staff, TES ensures that our students receive the very best programming available. Students may register for their courses at any time and take whatever time necessary to complete their studies. Our staffs are always available to facilitate and maximize the achievements of our students. In addition, we also offer students from our 4.6 acres campus both on-line and on-site tutoring to enhance their mastering of Ontario's curriculum expectations.

Our ever expanding list of courses guarantees that every student's pathway requirements and areas of personal interest are covered. No detail is too small in our quest to afford you the best educational experience on the Internet. As well, Toronto eSchool's business connections with various Ontario post-secondary institutions provides our graduates with an ease of access to their programs due in part to the high standards we maintain and expect from our students.

All of us here at Toronto eSchool look forward to assisting you in the next phase of your academic and lifelong journey. Together we can make it happen.

Sincerely,

Dan Bowyer, B.A., B.Ed, OCT  
Principal  
[daniel@torontoeschool.com](mailto:daniel@torontoeschool.com)

## What Do We Offer?

### Part-Time Studies for Local & International Students

Take one or more online credit courses with us from your home or from your home country while attending your home school.

## Why Study in Toronto, Canada?

Come to the city that has it all. One of the best cities in the world to live in and the most multicultural city in the world. A global centre in Business, Finance, Arts and Culture. Close proximity to many of the top 10 universities in Canada. In a country with one of the best ranked education systems in the world. A clean and safe city with welcoming and friendly people. A city with an endless array of activities, from world-class museums to outdoor recreation to professional sports teams to street festivals. A city of opportunities. An accessible immigration policy. Welcome to Toronto!

## About Toronto eSchool

Toronto eSchool (TES) is an online high school and tutoring centre located in Toronto, Ontario, Canada. The online high school is inspected by the Ontario Ministry of Education (BSID #886520) and offers credit courses students may complete towards an Ontario Secondary School Diploma. The tutoring centre offers both traditional tutoring and Maximize Your Success programs geared to maximize marks.

### Online High School

Toronto eSchool offers students the opportunity to earn Ontario High School credits online using a combination of online video instruction, online assessments and evaluations, regular personal teacher–student support, and a variety of opportunities for student–student interactions. Our school seeks to maximize the flexibility of our students’ learning using the most modern and effective learning technology and resources available, while carefully ensuring that all the expectations and policies of the Ontario Ministry of Education are completely met.

Students can move through the material at their own pace. Our Ontario Certified Teachers guide students through the curriculum using well designed and professionally presented online instructional videos and multimedia resources. Our teachers provide valuable feedback through assignments, regular weekly online conferencing sessions, discussion forums, and direct email. Students interact and learn with one another through open conferencing times, discussion forums, peer reviews and assessments, and collaborative assignments and presentations.

All course material is online and assignments are submitted electronically. Tests are completed online at a time convenient for the student, and every course ends in a final exam which the student writes under the supervision of a pre-approved proctor.

### Tutoring Centre

The TES Tutoring Centre offers both traditional tutoring for all subjects as well as Maximize Your Success programs. Traditional tutoring is available in individual or small group settings for all elementary school and high school subjects. Maximize Your Success programs are specific programs geared to maximize individual students’ academic marks in all subject areas.

Tutoring packages can be combined with online credit courses for optimal results.

### Brief History

Toronto eSchool was founded in 2013 in Toronto, Ontario, Canada by Demosthenes Aliferis, the Founding Principal. In 2016, a majority share of the company was purchased by China Youth Langton (Canada) Education Technology Ltd., a subsidiary of Langdun Education China. In 2017, Toronto eSchool moved to its new 4.24 acre campus. Its new facility boasts over 60,000 square feet of space geared to meet the needs of the international market and various innovative tutoring programs geared to maximize student success.

# School Facility

The Toronto eSchool campus is located in the center of the Greater Toronto Area, close to the intersection of Highway 401 and Warden Avenue. Our 4.24-acre campus provides ample parking space and our spacious outdoor facilities allow for a variety of extra-curricular activities. Our large 61075 sq. ft. building is equipped with advanced teaching facilities and over 50 classrooms and conference rooms. We are close to the world-renown University of Toronto, as well as York University, Ryerson University, University of Ontario Institute of Technology, Seneca College, Centennial College, George Brown College and Durham College.

## ◆ State-of-the-Art Classrooms

We are firm believers of maintaining a state-of-the-art facility and specialty classrooms. Our teachers use various technological resources to deliver lessons and engage students through the use of current and relevant technology.

## ◆ Student Lounge

Our student lounge is filled with activities. The Toronto eSchool Lounge often hosts movie screenings, game nights, formal receptions, musical performances, chess tournaments, table tennis and billiard tournaments. This space features comfortable lounge seating and standing reception space and is close in proximity to many other conference spaces on campus.

## ◆ Study Hall

Toronto eSchool's Study Hall is filled with educational activities and it is a time during the school day when a student is expected to study or to complete work assigned during regular classes

## ◆ Music Hall

Toronto eSchool students have the opportunity to take music lessons from professional musicians and perform in annual recitals, competitions and examinations.

## ◆ Arts Building

Our students partake in art classes held by professional artist encompassing various forms of media.

## ◆ Computer Commons

Toronto eSchool prides itself in its state-of-the-art Computer Commons area where students can use and learn about computers and can also test various new technologies.

# Ontario Secondary School Diploma OSSD

## OSSD Requirements

- Earn at least 30 Credits which includes 18 compulsory and 12 elective credits
- Complete 40 hours of community involvement activities
- Complete the provincial literacy requirement

To complete the provincial literacy requirement for the Ontario Secondary School Diploma, a student must achieve a passing mark on the Ontario Secondary School Literacy Test (OSSLT). The OSSLT is written in the spring (late March or early April) each year.

The following course selections are suggested for students who are aiming to be accepted into a specific university program. University admission is based on a student's average mark for six Gr. 12 University - level (U or M) courses. Marks for Gr. 12 courses required to meet university application requirements will be included in this average mark, as well as the student's other highest course marks.

## Suggested Courses to Meet University Admission Requirements\*

University Program	Recommended Compulsory Courses	Recommended Optional Courses
Business	English 12 ENG4U Advanced Functions MHF4U Calculus & Vectors MCV4U	International Business BBB4M Financial Accounting Principles BAT4M Data Management MDM4U
Engineering	English 12 ENG4U Advanced Functions MHF4U Calculus & Vectors MCV4U Physics SPH4U Chemistry SCH4U	Computer Science ICS4U
Science	English 12 ENG4U Advanced Functions MHF4U Calculus & Vectors MCV4U Chemistry SCH4U Biology SBI4U Physics SPH4U	Computer Science ICS4U
Arts Programs (i.e. humanities, social studies, economics, etc.)	English 12 ENG4U Calculus & Vectors MCV4U (for Economics/ Business )	Philosophy HZT4U Challenge and Change in Society HSB4U Data Management MDM4U Advanced Functions MHF4U World History CHY4U
Fine Arts (Dance, Drama, Art, Music)	English 12 ENG4U	Philosophy HZT4U Challenge and Change in Society HSB4U Data Management MDM4U Advanced Functions MHF4U World History CHY4U

\* Please note admission requirements vary by program and by institution. Please check specific admission requirements for each program at each institution to ensure application requirements are being met.

# Local High School Students

## Part-Time Students

Student enrolment in TES is open and continuous. Registration is available online 24 hours a day through [www.torontoeschool.com](http://www.torontoeschool.com).

Proof of Canadian Citizenship/Permanent Resident status is required to be considered a local student. Copy of a Canadian birth certificate, Canadian passport, Canadian Permanent Resident card, school transcript or report card showing full-time attendance from a Canadian School is required to complete registration.

Visa students already living and studying in Canada will be granted local student rates if proof of Canadian residency can be provided.

## Full-Time Students

Choice of:

- Completing OSSD from home
- OR
- At our Toronto campus

All Full-time Students:

- Receive support from our Student Services Department for student care & wellbeing, academic counseling and learning support
- Can combine various tutoring packages with their studies to maximize results
- Receive complimentary OSSLT preparatory classes

Full-Time Students Attending Our Campus Also Receive:

- Extra-curricular activities
- Community involvement
- Seminars & workshops
- Various sightseeing trips
- Option of staying in our residence with a meal plan

Contact us at [admin@torontoschool.com](mailto:admin@torontoschool.com) to discuss full-time study package options.

## Report Cards and Grades

Students receive a midterm report when approximately 50% of the course material has been completed. A final report card is offered when all the assignments, unit test and final exam have been finished. A credit is granted for every course in which the student's grade is 50% or higher. 70% of the grade will be based on evaluations conducted throughout the course. 30% of the grade will be based on a final evaluation.

## Ontario Secondary School Diploma (OSSD)

TES will issue the OSSD to students who take all of their courses with TES. TES will also issue the OSSD to students who have completed courses at other schools but took their final credit or credits with TES. The OSSD issued by TES is the same OSSD as issued by all other schools in Ontario and is fully recognized and accepted for entrance into all Canadian, U.K. and international universities.

## OUAC/OCAS Services

TES will provide full-time students with assistance with the university/college application process and will forward the OST of full-time Grade 12 students applying to Ontario Universities' Application Centre and/or Ontario College Application Service. TES will also forward marks to OUAC and/or OCAS of any Grade 12 students who complete credit courses during the application process.

# International High School Students

Toronto eSchool offers one of Canada's premier private online learning programs for Gr. 9–12 high school students across the globe. We help students access quality education without leaving their family, friends and local culture.

International students are welcome to join us at anytime. Toronto eSchool recognizes a wide range of educational credits from around the world. Students seeking to obtain their OSSD for entrance into a college or university program can have their existing high school credits evaluated and may receive Ontario equivalent credits.

## Part-Time Students:

Take 1 course or a few online courses in your home country. Students can complete online courses around their own schedules without affecting their regular high school study.

## Full-Time Students:

Choice of completing OSSD from home OR at our Toronto campus.

## All Full-time Students:

- Receive support from our Student Services Department for student care & wellbeing, academic counseling and learning support.
- Can combine various tutoring packages with their studies to maximize results.

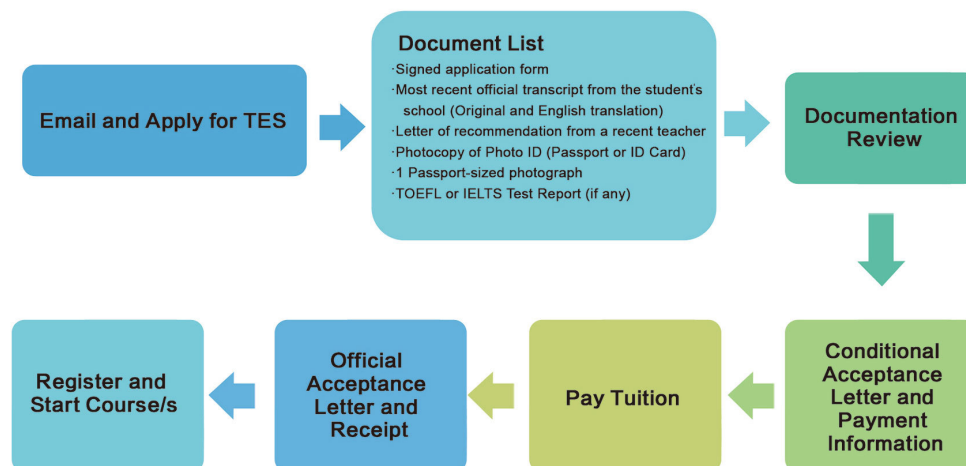

## Full-time Students Attending Our Campus Also Receive:

- Same services as local students.  
PLUS
- Specialized support for international students.
- Intensive English language support.

## Part-Time Studies Turning Into Full-Time Studies:

Start earning the OSSD in your home country part-time. Finish your last 6 months or last year with us at our Toronto campus full-time. See information regarding N+1/N+6 International Program below.

## Application Procedure

# N+1/ N+6 International Programs

Students earn the Ontario Secondary School Diploma with our online credits and equivalent credits from their high school in their home country. The N+1/ N+6 program is divided into two phases of study.

## Phase 1: Part-Time Study in Home Country (N Years)

Students take 3 to 4 online credit courses each year together with tutoring classes provided by a local teacher. Students have the flexibility to work on these credit courses around their own schedules, including evenings, weekends, and holidays (summer or winter), without affecting their regular high school study.

## Phase 2: Full-Time Study in Canada (1 Year or 6 Months)

Phase 2 is completed during Grade 12 at the Toronto eSchool campus in Canada. During this time, students will complete the remainder of their OSSD Diploma requirements:

- Earn remaining credit courses
- Complete community service hours
- Pass the OSSLT test (or complete OLC40 course if the student is unsuccessful on the test)

## Suggested Courses for N+1/ N+6 Programs

Phase 1:	Recommended Online Credit Courses
Grade 9	ESLCO or English ENG1D, Science SNC1D, Math MPM1D, Geography of Canada CGC1D
Grade 10	ESLDO Or English ENG2D, Introduction to Business BBI2O, Math MPM2D, Science SNC2D
Grade 11	ESLEO or English ENG3U, World History CHW3M, Functions MCR3U, Introduction to Financial Accounting BAF3M
Grade 12	English ENG3U, Advanced Functions MHF4U Calculus and Vectors MCV4U, Computer Science ICS4U
Phase 2:	Intensive University Preparatory Courses
Grade 12	English ENG4U, Physics SPH4U, Chemistry SCH4U, Biology SBI4U, Accounting BAT4U, Data Management MDM4U, International Business BBB4M, Canadian and World Issues CGW4U, Philosophy HZT4U, Sociology HSB4U, OSSLT/OLC40 Literacy Requirement

## Benefits of N+1/N+6 Program:

- Work on OSSD and regular high school diploma simultaneously.
- Save time and money by completing courses at home.
- Adapt to Canadian studies and culture prior to arriving in Canada.
- Receive intensive support to succeed in your studies and to improve English language skills.
- Greater opportunity to be admitted into Canadian universities and colleges with the OSSD Diploma.
- Greater chance of having future immigration application accepted by having a Canadian high school and a Canadian post-secondary diploma.

## Student Support Services

Our student support services are offered through our student services and guidance counseling staff. Student support encompasses 3 distinct areas: student care and wellbeing, academic counseling and learning support.

### Student Care & Wellbeing:

Our guidance counselors are available to support students experiencing social, emotional or academic difficulties and work to promote wellness among the entire student body. Various supports and interventions are available for students in order to ensure success. Various wellness workshops are also offered during the school year to assist the general student population.

### Academic Counseling:

Our guidance counselors regularly meet with our students to assist them their various academic needs. This includes ensuring students are on-track to meet Ontario Secondary School Diploma (OSSD) graduation requirements as well as meeting admission requirements for specific university or college programs. Our guidance counselors regularly meet with our students and work with each student to create a customized timetable that best suits each student and his/her goals, paving the way for the most successful outcomes.

Our guidance counselors also assist students in researching and determining post-secondary goals and career paths, with completing college/university applications, with researching and completing applications for scholarships, bursaries and student loans, and provide information regarding university and college fairs. Day trips are arranged to local universities as well as to university and college fairs for students to gather information regarding possible choices of post-secondary institutions and programs.

### Learning Support:

Our guidance counselors closely monitor all our students and intervene if a student is experiencing academic difficulties. Our guidance counselors also work closely with any students experiencing academic difficulties to determine the source of the difficulty and to implement appropriate measures to ensure student success.

Referrals are made to the appropriate programs or supports if/when necessary such as: Homework Help, tutoring, various workshops or one of our other innovative academic programs geared at maximizing student marks.

Our caring staff will assist international students in their adjustment to Canadian culture, lifestyle and the education system and make this transition as smooth as possible.

### Special Supports for International Students:

#### International student services include:

- Airport pick up and accommodation
- Banking, phone registration, medical care and community involvement
- Guardianship and personal care
- Sightseeing, university tours and extra-curricular activities
- And much more

### Student Accommodations and Meal Plan:

Our student residence is located minutes away from the school. Healthy and delicious food is prepared daily for the students and a comfortable and safe living environment is provided.

TES also provides a full service, high quality home stay program for students who are interested in staying with a family during their study here. We do our best to make students feel secure and happy.

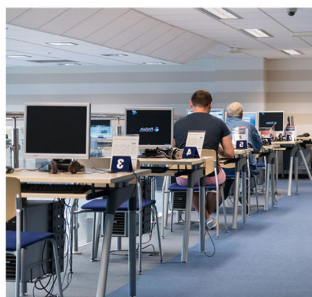

## Extra – Curricular Programs

### Ski Club:

- For beginners & experienced downhill skiers
- Ski trips planned for day and night skiing throughout the wintertime and supervised by our teachers.

### STEM (Science, Technology, Engineering & Math):

- Do fun hands-on experiments, robotics & computer programming

### Fitness Club:

- Stay fit by participating in our Fitness Club. Activities include: cardio training, weight training, swimming, yoga, and fitness classes.

### Sports Club:

- Enjoy playing team sports? Play team sports like basketball, volleyball and badminton and meet other students from the local community.

### Student Council:

- Have a say in what happens in the school
- Develop your leadership skills
- Help develop school policies & organize events
- Executive council members (i.e. President, Vice-President) are elected by the student body. Volunteer positions also available.

### Book Club:

- Read award-winning selections, have discussions & fun events.
- Online participation available.

### Anime Club:

- Watch shows, have discussions, and plan events all about Anime.

### Community Involvement:

Become involved in the Toronto community through attending and participating in a large number of community events such as:

- Multicultural Festivals & Events (Scarborough, Taste of the Danforth, etc.)
- Food Festivals (TO FoodFest, Ribfest, Taste of Lawrence, Toronto Tea Festival)
- Art (Tropicana Art Hive, Nuit Blanche, Art in the Park)
- Music (Jazz Festivals, Classical Music Concerts, Karaoke events)
- Environmental Initiatives (Tree Planting, Clean Toronto Together Event)

Our Tutoring Centre offers Traditional Tutoring as well as Maximize Your Success Tutoring Programs.

## Traditional Tutoring (Elementary & High School Students)

- Available for ALL subjects Grades 4–12
- Available in one-to-one and small group format
- For students who want to better understand the content of a particular course
- Helpful if a student wants to raise a mark in a class OR if a student is having difficulty understanding material from a particular class

### Benefits of Traditional Tutoring

- Helps the student improve academic performance and with personal growth
- Offers a more individualized, systematic, learning experience
- Develops increased motivation toward the subject area
- Builds self-confidence

## Maximize Your Success Programs:

### Homework Help:

- Have teachers available to answer your questions while you complete your homework or work on assignments
- Geared for students who need some questions answered while completing homework but who are not having great difficulty understanding concepts

### English Enrichment:

- Customized classes to identify and target weak areas in ALL subjects in order to maximize achievement
- Geared for students who:
  - Want to improve results in all subjects at school
  - Understand the content (material) of their courses but want to achieve higher marks
  - Are getting less than 100% in their courses and are losing marks for reasons other than understanding course material

### Math Enrichment:

- Customized classes to identify and target weak areas in mathematics in order to maximize achievement
- Geared for students who:
  - Are having difficulty getting good marks because of areas of math not understood from previous years
  - Want to learn new math skills

### Workshops:

- Resume Building Workshops
- Exam Survival Workshop
- Target Your Achievement Gap Workshop
- Essay Writing Workshop

### Seminars/Webinars:

- The Secret to High Marks Parts 1 & 2
- Maximizing Results in Online Courses
- Using Technology to the Fullest to Maximize Results
- Building Efficiency in Learning
- Getting that Extra Edge: Tips for the 90+ Student

# IELTS

## Preparation Program

### In this course students will

- Become familiarized with the IELTS test format and its parts
- Learn key test taking strategies, techniques and skills for both general and academic IELTS
- Develop and practice skills and strategies through IELTS practice tests
- Work on individual weaknesses
- Be assessed and advised through regular mock tests with feedback
- Focus on the main skill areas: Reading, Writing, Speaking & Listening
- Boost your confidence by understanding the IELTS test format

## English Language Programs

### Our English Language Programs Emphasize the Following:

#### Oral Language Skills

Students develop their speaking skills and confidence to navigate everyday social situations as well as for school and workplace settings. The focus is on developing accurate pronunciation and grammar and learning vocabulary necessary for everyday living, for school and for work. Conversation skills as well as oral presentation skills are focused on, skills necessary to succeed in both academics and in the workplace.

#### Reading and Writing Skills

Students develop their reading and writing skills by expanding vocabulary, improving reading comprehension and by being able to write English with greater accuracy and complexity. Practical skills are taught to improve literacy needed for functional living, for school and for the workplace.

#### Study Skills and Academic Development:

Offers students the possibility to improve their study techniques and develop more effective learning strategies that will enable them to perform better and more confidently in their present and future studies.

# English Summer/Winter Camp

Learn English and explore Canadian culture with Toronto eSchool. International students will enjoy intensive English language classes taught by qualified ESL teachers in the world's most multicultural city – Toronto.
